

7. East Taylor ditch.

8. Sale of Ortega Lake Property.

9. Shumway Well.

10. Water Issues?

- a. GPR – Ross wants to contact the people that made it so he can get trained on how to use it. Ross is going to call the company to get some training on it. Ross called and they are supposed to call him back to set up a training. Ross is hoping to get it sold and buy a snake with a camera from Home Depot. The GPR people said that there's a guy in Texas that might want to buy it. Ross still needs to get ahold of them.
- b. Need to clean out the concrete things at little Mormon lake – Ross says that there is a pack rat nest inside. He says that we need to get a mini-ex up there to clear it out.
- c. Need to make/repair catwalk at little Mormon lake – Ross has measurements.
- d. Need to cut the trees and spray them around all of the wells. Try to do it at the same time as the East Taylor ditch. Ross has plans to get the backhoe in there and start making their way down the ditch. Need to spray trees
- e. Leak in Bellybutton at Gaylan Flake – it has been blue staked. Ross hopes to get to it this week. Nothing is coming up yet – but he hasn't dug down to check. Do we need to rearrange the schedule so Gaylan doesn't have to go through and shut all of the valves to get enough water? Waiting to see where it comes out.
- f. Need Well 4 (Cattle Lane) checked by Willis drilling to make sure that it's running properly after we got it fixed. Ross is thinking of turning all the others on on the 30<sup>th</sup> and run the same as we did last season (about 9-10 pumps). Starter is humming really bad, Terry says that we just need to clean the shunt.

g. Need to do something about the Shumway Well because we can't access the oiler. Ed has changed it. Ross is concerned that it'll get too hot. Terry will keep an eye on it. Vance and Kyle think we should go ahead and put a vent in to prevent problems. They moved the oiler.

Ross bought a heat detector and the one side was 170\* – they checked the well on Cattle In and it was at about 130\*. Ross thinks that if we took off the east side and left just 1 panel on the north side it should help it.

11. Lake and pumping strategies – open/closed?

Mormon Lake diversion – closed

Mormon Lake outlet – closed

Ortega structure – closed

White Mountain Lake to Mexican – closed

Schoens – closed

12. Ross Willis, District Foreman report

13. Ruth Whitney, District secretary report

14. Kyle Baldwin, Report or instruction to staff

15. Terry Stratton, Report or instruction to staff

16. Vance Muder, Report or instruction to staff

17. Next Meeting May 5, 2026 at 5:00pm

18. Adjourn –
